

INTRODUCTION TO ACADEMIC PROGRAMS

Academic Credit Hours for Courses

Mid-America reports academic credits in units of semester hours. Each course description listed represents a three-semester-hour unit.

Publication of Course Offerings

A schedule of required and elective course offerings is published each spring for the upcoming academic year. The registrar's office also maintains a proposed schedule of required course offerings for the following year so that students may plan for completion of graduation requirements.

Changes in Course Offerings

It is the goal of the College to provide a clear path for students who register for five courses per semester to graduate in the allotted time frame for his or her degree program. The College, however, reserves the right to change the times when courses may be offered, offer courses more than once a year, change or drop courses, and add new courses to the schedule during the school year.
